MEMORANDUM F GENERAL SMITH

Mr. Dwight Eckerman, Executive Director of the Economic Club of New York, spoke to me by telephone and asked whether it would be possible for you to speak at one of their dinners. He noted that

a. The Club had approached you once before while you were at Governor's Island;

b. Normally about a thousand people attend these dinners.

I advised him of your policy of not speaking to civilian groups in view of your "position as DCI." He stated he thoroughly understood but if you changed your mind ~~he~~ they will be glad to have you at any time.
