DIARY NOTES

Executive Director-Comptroller 1 October 1965

1. Dick Helms, John Bross, Walt Elder, and I had a brief meeting after the Morning Meeting to discuss a "bootleg" copy of a proposed letter for the President's signature to the Secretaries of Defense and State and the Director which will direct full cooperation with the President's Foreign Intelligence Advisory Board. The letter was drafted by Pat Coyne. It was the consensus that the Board would be directed to do the same thing that the Director of Central Intelligence is charged with doing. It was generally agreed that we should offer no objection to the letter provided that the Director participates fully in the Board's deliberations concerning other agencies and has an opportunity to attend or have a representative attend all briefings given by other agencies. I am not optimistic that this position can be made to stick but we thought that we should encourage the Director to give it the college try.
