MEMORANDUM FOR: DIRECTOR OF NAVAL INTELLIGENCE

SUBJECT: Transfer of the "Intelligence and Investigation Laboratory" to the Central Intelligence Agency.

References: a. Memo for the D/I, USAF, from DCI, dated 13 April 1950, subject as above.

b. Memo for the DCI from D/I, USAF, dated 19 May 1950, subject as in Reference a, above.

1. Since the assumption of the responsibilities as outlined in Reference b, it has come to the attention of this Agency that a suitable channel has not existed for the discussion and solution of problems in the field of special equipment for the support of military intelligence and counter-intelligence programs.

2. It is therefore requested that you designate a liaison officer to meet with my representative in this field, together with representatives of the other two Services. A meeting will be called for this purpose as soon as all designations have been received.
