40. (Unclassified - JEC) LEGISLATION Called Bill Funk, Counsel to the Legislation Subcommittee of the House Permanent Select Committee on Intelligence, concerning the Director's testimony on electronic surveillance bills on 10 January 1978. He said he was not yet sure about the tact the Committee would take, but he would send us a copy of questions as soon as he had prepared them. In his opinion the hearings would not be the same as those conducted in the Senate because the House Committee members are not as knowledgeable on the subject and will not focus on specific issues at this point. He asked that the Director make at least some general comments on each of the bills which have been introduced and make comments on specific provisions which concern the DCI.

41. (Unclassified - JEC) LIAISON Called Ron Kienlen, OMB, to check on the status of the rewrite of Executive Order 10450. He said they hoped to have a copy of it to us by the end of January.
