MEMORANDUM FOR THE RECORD

SUBJECT: Notification of Congressional Briefings on SALT

REFERENCE: Memo for OLC, From Deputy Director for National Foreign Assessment, Same Subject, Dated 13 Oct 78 (Attached)

1. (IUO) On SALT-related briefings on the Hill, today I spoke with Bob Beckel, Special Assistant for Congressional Liaison (White House), who Patty DeSousa, secretary to Frank Moore, Assistant to the President for Congressional Liaison, said is responsible for handling SALT matters. It was agreed that we would report to either Beckel or Lillian Brooks, who works with him. All we need to provide to them is who is going to be briefed and the general topic, e.g., verification. In making the call, we are not coordinating or getting approval for the briefing, it is clear.

2. (IUO) Mr. Beckel also said he wanted to talk to us further about a group he intends to chair, a la Legislative Interdepartmental Group, re SALT and will be in touch later.
