Dear [redacted]

STAT

Reference my letter of 11 December 1968 to your office concerning Job [redacted]

For the reasons outlined in my 11 December 1968 letter, I still consider that bidding should be limited to a selected bidders list, and therefore request that you treat the present combined invitation for bids in the same manner as was originally planned for the Optical Instrument Site Preparation.

Your continued efforts to expedite the completion of these two projects is greatly appreciated.

Sincerely,

[redacted]
