31	1	tank, 50 tons	Altruppin

2

25X1

1. [redacted]

25X1 2. [redacted] Comment. The number of tanks repaired amounted to 13 tanks in July and 57 tanks in August. It is assumed that, besides general overhauling, also small defects were repaired, as a monthly output of more than 30 tanks has never been reached at the plant.
