CENTRAL INTELLIGENCE AGENCY

Washington, D.C.

May 1962

This Gazetteer is issued as a standard component of the National Intelligence Survey for Cameroon and lists official standard names approved by the United States Board on Geographic Names. These names supersede all previous decisions on geographic names in this area. This Gazetteer also lists the variants of official standard names for reference purposes. These variants are not approved as standard names.

This Gazetteer will be adequately maintained by published revision.

Distribution of this publication is made by the Central Intelligence Agency and is for official use only.

FOREWORD

This gazetteer contains about 13,000 entries for places and features in Cameroon. The entries include standard names approved by the Board on Geographic Names and unapproved variant names, the latter cross-referenced to the standard names. *Users of the gazetteer should always refer to main entries for approved names.*

The names in this gazetteer supersede those in all previous Board lists for the area.

The map scale of name coverage is approximately 1:200,000.

Interpretation of entries

It has been necessary to express in code numbers and letters some of the information in the gazetteer in order to accommodate it to the machine method of tabulation.

Name. — Approved standard names and unapproved variant names appear in the first column. The variant names are always cross-referenced to the standard names by use of the word "see." Where part of a name is underlined, the use of the part not underlined is optional. Where two or more names are approved for a feature, each is identified in parentheses and any or all may be used. Names that include specific and other elements (except names of populated places) are alphabetized by the specific part, thus Montagne de Bapé is listed as Bapé, Montagne de. The diacritical marks used in the approved names are the acute (´), the grave (`), the circumflex (^), and the dieresis (¨), all of which occur over vowels, and the cedilla (¸) which is written under the letter c. They are to be used whether the names are written in capital or lowercase letters. (Pronunciation marks, such as those found on names in older German sources and those indicating vowel-plus-nasal sequences in some later French sources, are not indicated in variant names in the listing.)

The first letter of all separate words except non-initial articles, prepositions, and conjunctions should be capitalized.

A characteristic of Cameroon nomenclature is the frequent occurrence of two or more small populated places, streams, or other features with identical names within short distances of each other. In some cases neighboring features of the same name are identified by the use of numerals; e.g., Mintom I and Mintom II. Duplicate names are individually listed in the gazetteer as shown on the maps of the area.

Another characteristic of the nomenclature is a lack of uniformity in the use of diacritical marks in what is obviously the same name as applied to different features and other orthographic variations, such as the occurrence of both Ouak and Wak, Mengué and Menge, Waltesse and Waltésé, Gaoudamji and Gaoundamji, Biboulèman and Biboulman, Sora Boum and Sora Mboum, and many others. These variations may reflect different orthographic practices or they may be purely fortuitous. The names are listed in the gazetteer as spelled on the more authoritative sources for the area.

Designation. — The second column contains designations or abbreviations of designations, as listed below. Since practically all geographic terms have varied meanings, the senses in which the designator terms are used and the range of features to which they are applied in this gazetteer are stated in the list to reduce ambiguity. The distinctions that can be made in a given gazetteer will vary with the quality of the maps of the area and with the nature of the entities that are named.

ADMD	administrative division (includes the two major divisions of the republic, namely, East Cameroon and West Cameroon, and the first-order subdivisions of each)
BAY	bay (includes coastal indentations of variable size, such as coves and inlets)
CAPE	cape (a projection of land, or its seaward end, of such position and size as to cause coastwise shipping to change course; see also PT)

APPROVED FOR RELEASE: 2007/02/21: CIA-RDP01-00707R000100120003-2

APPROVED FOR RELEASE: 2007/02/21: CIA-RDP01-00707R000100120003-2

CMP	campsite
CMPH	hunting camp
CRKT	tidal creek (watercourse tidal in its entire length; usually short, without extensive tributary drainage areas, and located in coastal marsh or other wetland)
DLTA	delta
EST	estate (large commercialized agricultural landholding with associated buildings and other facilities)
ESTY	estuary (drowned river mouth)
FLLS	waterfall
FRST	forest, forest reserve, woods
GULF	gulf
HLL	hill (generally less than 300 meters elevation, small summit area, and moderate relief)
HLLS	hills
ISL	island
ISLS	islands
LK	lake
LKI	intermittent lake
LKS	lakes
MRSH	marsh (wetland characterized by grass or low bush vegetation, few if any trees; see also WTLD)
MT	mountain (generally over 300 meters elevation, small summit area, and conspicuous relief)
MTS	mountains
PASS	pass (a way over or through an area of mountains or other high land)
PCLI	independent political entity (republic)
PEN	peninsula (area of land projecting into a waterbody; see also CAPE, PT)
PK	peak (apex of a mountain or other high land; occasionally one of two or more summits on a single larger elevation)
PLAT	plateau (extensive elevated area of flat to rolling surface; may exhibit considerable local relief due to dissection or the presence of hills or mountains rising above the general surface level)
PLN	plain
PND	pond (small inland waterbody)
PNDS	ponds
POOL	pool (body of water in a watercourse; residual dry-season pools)
PPL	populated place (city, town, village, settlement; includes some seasonal or temporary habitations)
PPLQ	abandoned village
PT	point (a relatively minor projection of land into a waterbody, or its extremity; see also CAPE)
RDGE	ridge
RES	reserve (land set aside for multiple or unspecified purposes; see also FRST, RESW)
RESW	wildlife reserve
RGN	region (area recognized as an entity by reason of the unity of its history, people, landscape, or other condition)
RKL	rock on land
RKSW	rocks in water
RKW	rock in water
RPDS	rapids (may include some waterfalls not distinguished in sources from rapids)
RSTN	railroad station
SCRP	escarpment
SHOL	shoal(s) (offshore hazard to navigation generally composed of unconsolidated material; may be exposed in part at low tide)
STM	stream (river or other running fresh waterbody, perennial in whole or in part)
STMA	anabranch (stream channel that leaves and rejoins the main stream after a separate course for a considerable distance)
STMD	distributary (stream carrying part of the water of a larger stream into another waterbody; includes tidal channels connecting watercourses at or near the mouths of streams; characteristic of deltas)
STMI	intermittent stream (no part indicated as perennial)
STMM	stream mouth

APPROVED FOR RELEASE: 2007/02/21: CIA-RDP01-00707R000100120003-2

APPROVED FOR RELEASE: 2007/02/21: CIA-RDP01-00707R000100120003-2

VAL valley
WLL well
WTLD wetland (presence of trees or grasses not specified; includes some permanent or intermittent waterbodies surrounded by wetland but not separately named; see also MRSH)

Latitude and longitude. — Coordinates, in the third and fourth columns, are for finding purposes only. They were generally read to the nearest minute. For precise location, large-scale maps should be used.

Coordinates were read at the map symbol for populated places and other entities occupying limited sites, at the mouths or lower ends of streams, at the summits of mountains and hills, at the extremities of capes, near the centers of areas, and at the midpoints of most other features.

Area number. — The number in the fifth column indicates the administrative or geographic unit in which the place or feature is located, as listed below.

Cameroon is a federation of the former Republic of Cameroun, now East Cameroon, and the southern part of the former British Cameroons, now West Cameroon. The two major divisions of the federation are further divided as indicated in the list.

55100 Cameroon (general)

East Cameroon
- 55101 Logone et Chari
- 55102 Margui Wandala
- 55103 Diamaré
- 55104 Mayo Danaï
- 55105 Bénoué
- 55106 Adamaoua
- 55107 Bamiléké
- 55108 Bamoun
- 55109 Mbam
- 55110 Lom et Kadéi
- 55111 Mungo
- 55112 Nkam
- 55113 Wouri
- 55114 Sanaga Maritime
- 55115 Nyong et Kélé
- 55116 Nyong et Sanaga
- 55117 Kribi
- 55118 Ntem
- 55119 Dja et Lobo
- 55120 Haut Nyong
- 55121 Boumba Ngoko

West Cameroon
- 55151 Victoria
- 55152 Kumba
- 55153 Mamfe
- 55154 Bamenda
- 55155 Wum
- 55156 Nkambe

The general number (55100) is used for international features and for features in more than one of the numbered subdivisions of the country.

Locational reference. — The number in the last column indicates a map or chart on which the feature may be located by its standard name or a recognizable variant of its standard name.

01 *Croquis Provisoire de l'A.E.F. et du Cameroun,* Service Géographique de l'A.E.F. et du Cameroun and Institut Géographique National, various dates; scale 1:200,000.

02 *Croquis Provisoire de l'A.E.F. et du Cameroun,* Service Géographique de l'A.E.F. et Cameroun, various dates; scale 1:1,000,000.

03 French hydrographic charts, Service Hydrographique de la Marine, various dates and scales.

04 *Cameroun,* Institut Géographique National and Service Géographique, 1960; scale 1:1,000,000.

05 *Nigeria,* Federal Survey Department, Lagos, 1953 reprinted in 1958; scale 1:500,000.

06 *Nigeria 1:100,000,* Federal Surveys, 1960.

07 *Southern Cameroons 1:50,000,* Directorate of Overseas Surveys, 1961.

08 *Territoire sous Tutelle de Cameroun sous Administration du Royaume-Uni—Cameroun Meridional,* United Nations, 1961; scale 1:840,000.

The code 00 is used for cross-references and for standard names to be found only on references other than those listed above.

Glossary of generic terms

The following terms occur in the standard names listed in the gazetteer. The meanings given include those supported by application to features named in the gazetteer, whether or not these meanings are given in dictionaries. (French terms are identified by the letter F.)

roche	F	rock in water
rocher(s)	F	rock(s) on land, rock in water, hill, mountain
tchabal		mountain(s)
trou	F	pond
vallée	F	valley

Reporting of errors

It is requested that all who use this gazetteer aid in its correction for future printings by reporting errors to the Board on Geographic Names, Department of the Interior, Washington 25, D. C. A statement of the source of the correct information will be helpful.

Geographic names or their spellings do not necessarily reflect recognition of the political status of an area by the United States Government.
