REMARKS [redacted]

This is UNEVALUATED Information

1. In mid-March 1955, it was reported from [redacted] areas and the Twenty-Fourth Air Army that the motor vehicle numbers on both sides and on the tailboard of the vehicles were painted over. 25X1

2. [redacted] 25X1

3. The covering of the rather large motor vehicle numbers previously used renders it more difficult to read the numbers and thus identify the vehicles.

4. It remains to be seen, whether the measure will also affect the motor vehicles of the Soviet Navy, the CGF and the vehicles with four-digit numbers.
