MEMORANDUM FOR: Deputy Director of Central Intelligence

FROM: [redacted] 25X1
Executive Assistant/EXDIR

SUBJECT: PFIAB Update

1. FYI: During a recent lunch with PFIAB staffer Fred Demech, he mentioned the Board is concerned about:

--counterintelligence (they are being told by the NSC that a more centralized effort is needed); by Ken DeGraffenried

--policy-level evaluation of the intelligence product (they plan to survey high-level customers on their views);

--rebuilding our HUMINT capabilities (they believe HUMINT has been cut back in favor of technical collection systems).

2. Fred also noted the Board grilled [redacted] on the technology transfer issue last Thursday. Jan advised they were a tough, challenging audience who are seized with the problem, believe more needs to be done, and probably will relay these concerns to the President. Jan will be providing Foster's task force a more detailed briefing on 8 or 9 April, probably as background for their paper to the President. 25X1

3. We are asking people to provide memoranda for the record of future sessions with PFIAB so we can monitor their concerns, be responsive, take advantage of any help they can provide, etc.

Thanks
& spent 1½ hr working lunch with the board — discussed 3rd tech at length & got ready some myths while retaining support for DO expansion
