MEMORANDUM FOR: Director of Central Intelligence

VIA: Deputy Director of Central Intelligence

FROM: Director, Office of External Affairs

SUBJECT: House Appropriations Defense Subcommittee Request for Worldwide Intelligence Briefing

1. The House Appropriations Defense Subcommittee has requested a Worldwide Intelligence briefing on 23 February at 0930 hours. The Committee has requested this briefing in order that they may be brought up to speed on the major intelligence issues prior to beginning the budget cycle, tentatively scheduled to begin in March. The Subcommittee expects that this briefing may well run all day and is prepared to devote the time if necessary.

2. The Subcommittee would, of course, like you to present the briefing but already understand that you will be unavailable that day. Because of other schedule commitments, they would prefer to remain with the 23 February date and, consequently, will be happy to have whomever you may designate.

3. If you agree to this, we will make the appropriate arrangements.
