RADICAL PUBLICATIONS AND ORGANIZATIONS LIST

The following list of radical publications and organizations is more complete than any previously published by Liberation News Service (LNS). In addition to functioning underground papers, it includes various radical organizations and foreign media and political groups. In an attempt to make this list as useful as possible, we have used the following code: D, daily; W, weekly; B, bi-weekly; M, monthly; Q, quarterly; X, unknown or irregular frequency; HS, high school; C, collegiate; BL, black; CH, chicano; WL, women's liberation; C, subsidized or officially-recognized college paper; R, radio; NS, news service; ORG, organization or specialized media collective; U, unknown, information not available. Two of these categories -- "X" and "U" -- require more explanation. Many publications do not meet their publication schedules, or do not print their frequency of publication in their issues, or they have not answered our requests for this information -- so many papers on this list are designated "X" even though they are in fact regularly published. The category "U" reflects the press turnover in the underground press. Often, we at LNS are unable to keep up with the death and birth of underground papers. Some papers come out once or twice, and then are never heard from again. We are reluctant to declare them dead, so they appear on this list as "U." In many cases, these papers have in fact published again, or will publish again, but have been hurt by financial or legal difficulties. If you can send us up-to-date information about any papers missing from this list or classified as "X" or "U," we will be happy to print the information in the Radical Media Bulletin Board or the Liberation News Service. Some papers have been classified "X" or "U" because they have failed to send their publications regularly to the LNS office. Please check your mailing plates or list to be sure LNS is receiving your publication. We are sorry if you have in fact sent us the necessary information; this list doubtless includes some errors of omission. This list can help us keep in touch with our sisters and brothers around the country and around the world. Most of the movement publications would like to have an active exchange system, so we can see what other people are doing; and so we can take advantage of the free re-print system started by the Underground Press Syndicate. If your name isn't on this list, let us know, and we will include you in the next edition, scheduled for publication around Jan. 1, 1971. This list is in area code order, which means roughly from East to West. Foreign names are in alphabetical order, by nation.
