25X1 [redacted]

MEMORANDUM FOR: Executive Director-Comptroller

SUBJECT: OXCART Programmed Personnel

1. This memorandum is for information only; particular reference is made to paragraph 2.

2. In response to a recent query from OPPB, I wish to confirm that OSA/DD&T will require until the conclusion of the current fiscal year [redacted] personnel in support of the OXCART program. 25X1

25X1

3. The requirement for 274 programmed personnel, which was discussed with Bureau of the Budget designee [redacted] and representatives of my staff at the OPPB/BOB hearing on 31 November 1967, is based on the OXCART program being phased out commencing 31 March 1968. Any further extension of the OXCART program will, of course, necessitate reprogramming our personnel needs and may require an increase in personnel and funds for FY-68.

4. In the event of any changes I will advise you at the earliest possible time.

Carl E. Duckett
Deputy Director
for
Science and Technology
