August 22, 1951 B-20

SUBJECT: Proposed Soviet Defector Fjodor SAVRILOV

1. Reference is made to letters dated August 8, B-18, and August 9, B-19, 1951, same Subject.

2. Planned defecting of SAVRILOV, according to an information passed on by him thru his friends

Anna [redacted] (or [redacted])

had to be delayed for technical reasons - it is believed that during August another member of [redacted] Kommandatura had been destined for courier trips to VIENNA - until the first part of September. According to the same information, SAVRILOV was also afraid of defecting during the month of August, when the Soviets were governing VIENNA Kommandatura. SAVRILOV should now be expected between September 7 and September 16 (he would personally prefer the days between September 9 and September 16, because of the VIENNA fall fair). According to the same information by his friends, SAVRILOV is all set for defecting and taking as many documents with him as possible.
