APPROVED FOR RELEASE
DATE: AUG 2004

To: 7404 D.202

From: SD 7th March, 1945

1. In a message received from 4370 via Stockholm on the 2nd March, he states "My luggage apparently lost. Can you help me?" This must refer to 4370's personal luggage that he took with him from this country to Sweden and which presumably has been infiltrated into the Field in the usual way.

2. We should be very pleased if you would go into this matter and endeavour to ascertain what has happened.

3. We shall look forward to receiving your report on this matter.
