TELEGRAM.

From Digit GOTHENBURG

To Stockholm.

APPROVED FOR RELEASE
DATE: AUG 20

Despatched

Received 1830 phone

No 228 of Sept. 29, 1944.-

Following for 7404 from 7408.

A. It would be helpful if I knew how much time I must reckon passing between receipt by HQ of short message from Corn and ultimate receipt message at this post.

B. I presume that if prefix "Most Immediate Rouse" were used then message would be relayed without any delay anywhere, even at night.

C. As illustration please inform me what time London had Corn's last message quoted in your tel 0368.
