To [illegible] Ludwigsburg

From: Kazys Gi.[illegible] M.D. [illegible] in the Gestapo-Headquarters at [illegible] which [illegible] used.

Dear,

[illegible] security police officer informed me that my application for emigration to the U.S. has been rejected by IO Group [illegible], Ludwigsburg and that I have been "ineligible under sect 13 of the act of 1948".

Later I learnt that [illegible] were made against me in connection with my service in the security police official during the German occupation in Vilnius, according to them I was believed to have served in the German security police in 1941, to have issued a written order to shot and killed [illegible] and to have undersigned such an order on the premises in Vilnius (the complainant illegally used my signature on the [illegible]). In order to prove my alibi I may give the following exact answers on my activities during and after the German occupation in Lithuania.

1. In the Lithuanian security police I was employed since 1931 [illegible] during the first occupation of Lithuania by the Bolsheviks I was imprisoned as a political prisoner from July 27th, 1940, to June 24th, 1941, [illegible] till the German-Soviet war broke out and I was freed later too.

2. In the first [illegible] of the temporary free Lithuanian Government [illegible] to prevent the duties in Lithuanian security police and I also [illegible].

3. When the Lithuanian temporary government was disorganized by the German occupation authorities and the Lithuanian administration was taken under German control Lithuanian underground movement asked the personnel working in Lithuanian administration to remain in their positions, and to resist in all possible ways, and to oblige German civilities.

4. I have never served in the German security police (except possibly while in the Lithuanian security police, performed my duties in Lithuanian Lithuanian [illegible] from 1941 to 1944, as the country [illegible] and I had lived till 1944 only.

5. During the German occupation I took an active part in Lithuanian [illegible] resistance movement performed responsible and dangerous duties [illegible] in the resistance movement I was a member of the [illegible] "Lithuanian Front"). [illegible] during the German occupation, I was obliged to give information to the [illegible] concerning Lithuanian patriots [illegible].

6. While having occupied Lithuania the German [illegible] out many repressive [illegible] against the Lithuanian [illegible] Lithuanian [illegible] in Vilnius, [illegible] of the most used ten of them, which [illegible] the German [illegible] by the German.

themselves only, but the Lithuanian security police had to work with the Gestapo. Therefore that report that I allegedly undersigned the Nazis contemporaneous against me is nothing but a pure falsification.

9. The activity of the Lithuanian security police was limited to the persecution of communists and hostile acting in the country. The following sections were disconnected from the Lithuanian security police: underground activities of Lithuanian police as well as from. They were in conceptional force a disposition.

10. Not only have I never taken any part in the repressions carried out by the Gestapo, but in the contrary, risking my life I saved suspected persons by hiding them, or helped to free detained some great or through the employees under my disposition. Some of them were detained and imprisoned by the German police for helping Lithuanian [illegible] in Germany [illegible] Dachau in Bavaria in Dachau.

11. My Lithuanian patriotism fought against were a repression and worked in underground. When the Germans tried to liquidate the other Lithuanian underground they [illegible] Dr. Pranas, chief of section in the Lithuanian security department, returned to the underground [illegible] to - Dr. Pranas [illegible] certain other friends of labor employees.

12. I would not give an order to shoot any Jews for the simple reason that I had no reason. Right, that I go feed the inhabitants of Lithuania. Working in the underground specially [illegible] I was given my [illegible] fully and have been. I [illegible] performing my duties honestly.

13. In the spring of 1944 Germans intensified the persecution of patriots suspected to the anti-Nazi movement, and I was in that moment left my duties [illegible] of police [illegible] but I resided in the anti-Nazi Resistance all the time.

14. When the [illegible] of Germans [illegible] Lithuania, I [illegible] with my wife together were deported to Germany where we worked in [illegible] Hill [illegible] Bayreuth [illegible] the end of war. The [illegible] of witnesses [illegible] the Lithuanian underground had from [illegible] that I didn't really take any part in the shooting of Jews, as that is my statement to true and right.

15. Owing to the [illegible] very severely, although the [illegible] were entirely invented, [illegible] over side both [illegible], the [illegible] devoted [illegible] energies to the resistance activities in the Lithuanian underground, risking even a imprisonment, that I was imprisoned by the Gestapo [illegible] severely tortured [illegible] and suffered from [illegible] risking my life in Lithuania and working [illegible] live in [illegible] rapid [illegible] consider my [illegible] approve my [illegible] to the [illegible]
