MHBK

SUBJECT: GENERAL- Operational
SPECIFIC- MHBK Circular, dated 1 September 1951

Reference: MASA 820; MASA 926

1. The pamphlet entitled "Körlevél az osztrák bajtársakhoz" and attached to MASA 820 was sent to the interested ZACACTUS desk here for action. It was returned to us with the statement that it contained no MHBK claim of quasi-recognition. [redacted] in turn, read it, and he too could find no such statements. Rather he pointed out the statements at the top of the second column on page 2 and the last paragraph in the first column on page 5 that the MHBK had obtained its results without any outside help and that the MHBK does not require anything from anybody. Only on the last page, page 12 at the top of the second column, does the MHBK thank the people of the USA for making possible the creation of the NCFE in which Hungarian emigre politicians could work in the interest of the common anti-Bolshevist struggle.

2. In MASA 926 [redacted] refers to the issue of "Hadak Utjan" forwarded with MASA 820, and so we can only surmise we have received the wrong publication here.
