

The Islamic world, home to more than one and a half billion Muslims. The Ummah that bears the final message from Allah, and whose members renounce all false gods and prostrate themselves to Allah alone. They declare that:

إِنِ الْحُكْمُ لِلَّهِ

*“The command is for none but Allah” (Quran)*

But alas! This Ummah has become subject to the Jews and Christians, and has been enslaved by the United Nations Security Council which was created for the security of *kufir* and its allies.

This global *kufir* has put into place a set of international laws against Allah’s Shariah. This *kufir* has contaminated our educational systems with apostasy and heresy. It has trapped our economies in the chains of usury. It has undertaken its program of limiting our population and killing our offspring under the banner of family planning, and consequently, our sisters and daughters have become barren. And by sheltering under the slogans of information technology and culture, it has unleashed a storm of decadence and immorality that has ruined the ethics and character of the young generation and resulted in the moral death of Muslim societies.

And under this very same global structure of *kufir*, both the theoretical as well as hands-on training of the intellectuals and politicians of the Muslim world started on a basis of atheism, in order to make them capable of upholding Western ideologies and values under the cloak of democracy. With the help of secret conspiracies and clandestine revolutions, these international Tawagheet imposed upon this Ummah of Tawheed factions and rulers who, instead of prostrating themselves to the Lord of the Ancient House, the Kaaba, prostrate themselves to the lord of the White House. These apostate leaderships, in turn, imposed laws of *kufir* which are in open contradiction to our divine Shariah and explicitly ridicule Islamic traditions and our religious rituals.

وَمَنْ لَّمْ يَحْكَمْ بِمَا أَنْزَلَ اللَّهُ فَأُولَئِكَ هُمُ الْكَافِرُونَ

*“If any do fail to judge by what Allah hath revealed, they are unbelievers.” (Al-Maida: 44)*

By using these Crusader-backing monarchs, the Pharaoh of this age, America, proceeded to personally conquer our lands by establishing its military bases throughout the Muslim world. And so today, the entire Muslim nation is subject to the tyranny and oppression of this Crusader disbelief.

قُلْ يَا أَهْلَ الْكِتَابِ هَلْ تَنْقُضُونَ مِيثَاقَ الْإِيمَانِ آمَنَّا بِاللَّهِ وَمَا أُنزِلَ إِلَيْنَا وَمَا أُنزِلَ مِنْ قَبْلُ وَأَنَّ أَكْثَرَكُمْ فَاسِقُونَ

*“Say: O people of the book! Do ye disapprove of us for no other reason than that we believe in Allah, and the revelation that hath come to us and that which came before, and that most of you are rebellious and disobedient?”*

To avenge these atrocities of the *kuffaar*, there rose from the Gate of Islam, Sindh, a brilliant star by the name of Hafiz Abu Usman. This knight, who had enlightened his

heart with all thirty parts of the Quran, presented his life to avenge the overthrow of the Islamic Emirate of Afghanistan.

In the morning of the second of March, 2006, Abu Usman carried out a splendid martyrdom operation against the American consulate in Karachi, Pakistan. This consulate is the largest spy den of the American CIA in Asia. As a result of the attack, the supervisor of the CIA's activities in Asia, David Foy, was killed. This kaafir had served the US army in different capacities for 23 years, and now he was responsible for the secretive missions of the CIA throughout Asia. He had been assigned with the task of maintaining the supremacy of the American Taghut throughout this region and with the parenting of the worldwide apostasy movement, especially in the Pak-Afghan region. This chief of kufr met his fate just a day before the Pharaoh of this age arrived in Pakistan to be saluted by an army allied to him and fighting his Crusade.

فَلَا تَأْسَ عَلَى الْقَوْمِ الْكَافِرِينَ

*“But sorrow thou not over (these) people without faith.” (Al-Maida: 68)*

So blessed are those Mujahideen who are stabbing the heart of Zionist/Crusader kufr by carrying out martyrdom operations in Iraq, Afghanistan and the rest of the world and severing their heads to rid the lands of Islam of the filth of the kuffaar. Our martyred brother Abu Mus'ab Al-Zarqawi (may Allah have mercy on him) arranged more than eight hundred martyrdom operations in Iraq on the instructions of the Amir of Jihad, Shaykh Usama bin Ladin. Consequently, the arrogance of the Pharaoh of this age was broken. And these operations are not limited to Iraq alone. On the frontline in the land of Khorasan, the Mujahideen of the Islamic Emirate are arriving from all over the world for martyrdom operations.

Just as the Islamic Shari'ah categorizes the killing of any person under the headings of “unlawful killing” and “lawful killing,” considering the first category to be strictly prohibited and a great sin but the second category an act of worship and a means to achieve Allah's pleasure, it also informs us of the two categories of killing oneself: the first is “unlawful,” which means taking one's own life in despair at Allah's mercy, or out of anger, or to escape from suffering, or any other such reason. Without a doubt, such an act is suicide and strictly prohibited, and the one guilty of it deserves a most severe torment in the hereafter.

The second category is “lawful”: taking one's own life for Islam's interest. Jurists of all times have remained in agreement upon this issue, and have held that such an act is not only permissible, but amongst the best means of achieving martyrdom. Many Arab and non-Arab Muslim scholars of today have also declared martyrdom operations to be among the greatest forms of martyrdom in the path of Allah.

Therefore whoever takes his life despairing at Allah's mercy, or throws himself into a situation where death is certain (e.g., lying on the railroad tracks, drinking poison or exposing himself to the bite of poisonous snakes), such a person is guilty of an unlawful death, because what really matters is the intention of the person committing suicide, not the means used by him.

In contrast, the person who sacrifices his life to earn Allah's pleasure or for the interest of Islam by endangering himself in a situation where his killing at the hands of others is likely or his death at his own hands is certain: in both cases he will be a martyr in the path

of Allah. The biographies of the esteemed Companions (may Allah be pleased with them all) are witness to the fact that they carried out martyrdom operations in all the ways which were possible at that time. There were no explosives present in those days for us to find an example of a Companion taking his life by this method. Hence, we should mourn the lack of understanding of those people who make the legitimacy of such an acknowledged matter ambiguous due to this apparent difference. In many wars of the recent past, soldiers of Muslim countries destroyed enemy tanks by fastening bombs to their bodies and blowing them up by lying down before them and were awarded the highest military honors by their governments without anyone ever questioning the legality of their acts.

The opinions of jurists regarding this issue are clear. Imam Jassas (may Allah have mercy on him) quotes the opinion of Imam Mohammed (may Allah have mercy on him) regarding the explanation of the verse of Surah Baqarah “ وَلَا تُلْقُوا بِأَيْدِيكُمْ إِلَى التَّهْلُكَةِ ”: "If a man were to attack 1000 men by himself, there would be nothing wrong with that if he thought he would survive or inflict slaughter on them. If, however, he neither thought that he would survive nor that he would slaughter them, I dislike it for him, because he would be exposing himself to ruin without benefiting the Muslims. If, on the other hand, he neither thought that he would survive nor that he would slaughter them, but would embolden the Muslims by that to make them do what he did and kill and slaughter the enemy, there is nothing wrong with that, Allah willing. And if he neither thought that he would survive nor that he would slaughter them, but his act would terrify the enemy, there is nothing wrong with that, because this inflicts greater harm and benefits the Muslims." After quoting this opinion, Imam Jassas (may Allah have mercy on him) says: (put Arabic quotation here)

إِنَّ اللَّهَ اشْتَرَى مِنَ الْمُؤْمِنِينَ أَنْفُسَهُمْ وَأَمْوَالَهُمْ بِأَنْ لَهُمُ الْجَنَّةَ يُقَاتِلُونَ فِي سَبِيلِ اللَّهِ فَيَقْتُلُونَ وَيُقْتَلُونَ

*“Allah hath purchased of the believers their persons and their goods; for theirs (in return) is the garden (of paradise): they fight in His cause, and slay and are slain.” (Al-Tauba: 111)*

Likewise, many similar incidents from the life of the Companions (may Allah be pleased with them all) have been narrated, where a single Companion penetrated the ranks of the kuffaar in order to inflict damage upon the enemy, or to raise the morale of the Mujahideen, or merely for the sake of martyrdom, while knowing that death was certain should he go ahead. Moreover, it has been established that the Companions (may Allah be pleased with them all) made pledges and took pledges to die on numerous occasions. Imam Tabari has narrated that forty thousand Muslims pledged Hazrat Qais bin Sa’ad bin Ubada (may Allah be pleased with him) to die on the frontline of Iraq and that he placed them at the vanguard of the army.

And in the battle of Yamama, when the devoted Companions of the Holy Prophet (peace be upon him) were involved in the war against Musailima the Liar, a decisive turn approached when all the kuffaar took refuge in a garden. When no immediate means to defeat the kuffaar was seen, Hazrat Baraa’ bin Malik (may Allah be pleased with him) decided to undertake a martyrdom operation of his own. He said to his companions, "O my Muslim brothers! Lift me and throw me into this garden," whereupon the Muslims

lifted him, and when he reached the height of the wall, he jumped into the garden and into the midst of the kuffaar and fought them until he succeeded in opening the gate. Although he was not martyred in this attack, but his act was akin to leaping to one's death. And the history of Islam is full of such events.

O lions of Islam, and O knights of the nation of monotheism! Do not part with your sacrifices for the sake of these intelligence agencies, the agents of the Taghut. Do not become a rented soldier of this Crusader-allied army which has played its role as the loyal soldier of international kufr at every twist and turn of history. These American-backers say that we were forced to support the Crusader kufr against Islam: i.e., the Lord of the Ka'aba could not force them, as they saw it, to help Islam and Muslims, but their lord sitting in the White House was so powerful in their eyes that he forced them to adopt the path of apostasy. These are the transgressors who have sold the Muslims of Afghanistan into the slavery of the Cross, demolished the established Shari'ah of Allah and joined Richard's army instead of Salahuddin's in this Crusade of the twenty-first century. They have become like the hordes of Dajjal against Isa (peace be upon him).

Hafiz Abu Usman knew that these intelligence agencies are nothing but agents of the Taghut, and that it was these same agencies who hindered the establishment of an Islamic government in Afghanistan after the withdrawal of the Soviet Union in 1989 and converted it into an arena for international conspiracies.

And subsequently, in 1996, when the Commander of the Believers, Mulla Mohammed Umar, laid the foundation of an Islamic Emirate and began the implementation of the commandments of the Shari'ah, these very same agencies announced the recognition of the Islamic Emirate. But when global kufr attacked the Islamic Emirate and devastated the whole of Afghanistan, these traitors to Islam supported the Crusader kufr against the Muslims and informed the Americans of all of Afghanistan's military secrets, and thus established against themselves the Quranic argument

لَيْلَا يَكُونَنَّ لِلنَّاسِ عَلَى اللَّهِ حُجَّةٌ

“...that mankind should have no argument against Allah”

Mujahideen from all over the world left their homes and settled in Afghanistan to live their lives according to the Shari'ah and to raise the banner of Jihad. These are the people who revived the Prophetic tradition of Hijrah in these times and proved to be a living example of the verse, “*Those who believed, and emigrated and fought for the faith.*” But these muhajireen in the cause of Allah were arrested by those same Pakistani agencies, who proceeded to sell them to the Crusaders.

وَإِنْ يَأْتِوكُمْ أُسَارَىٰ تُقَادُواهُمْ وَهُمْ مُحَرَّمٌ عَلَيْكُمْ إِخْرَاجُهُمْ

“And if they come to you as captives, you ransom them, though it was not lawful for you to banish them.”

(Al-Baqarah: 85)

Then in the 1990s, it was these same agencies of the Taghut who assured the oppressed and helpless Muslims of Kashmir of their help and support, but when the Mujahideen

demonstrated steadfastness in Kashmir, they incarcerated the Kashmiri Mujahideen, enhanced their friendship with the Hindus, sealed the routes to Kashmir and betrayed the blood of a hundred thousand Kashmiri martyrs!

So O people of faith! Remember the saying of the Prophet of Allah (peace be upon him):

لا يلدغ المؤمن من جحر واحد مرتين

*“A believer is not stung twice from the same hole.”*

Reassess your faith and carry on your Jihad with the help of trust in Allah alone and the support of the believers! And beware of the hated faces of the employees of the ISI, who have repeatedly betrayed the Muslims. Due to the conspiracies of their masters, Afghanistan has become Crusader-occupied Afghanistan, and Kashmir is still Hindu-occupied Kashmir. And because of them, the dungeons of Guantanamo are inhabited today.

O Muslims! These betrayers of the Ummah can never be sincere to its Mujahid supporters! Their religion is nation-worship, not Islam. “Pakistan First” is their motto, for the sake of which letting thousands of Muslims in Kashmir and Afghanistan be slaughtered is an act of worship for them!

So O seekers of the knowledge of religion and O respected scholars, do not be negligent with these Crusader usurpers! And remember the time when in Muslim India, fourteen thousand Muslim scholars were hanged. Up to eighty scholars a day used to be hanged in the Shahi mosque of Lahore. These noblemen of the nation were hurled into fiery furnaces, branded with scalding hot metal, placed in sacks and thrown into rivers, and tied to trees and riddled with bullets. The beard was declared unlawful throughout India, and a thousand Islamic madrassas were demolished in Delhi and the rest of India.

O scholars of the nation! All of this was done by the British Crusaders following the Jihad of 1857. And now the American Crusaders have invaded the lands of Islam for history to repeat itself.

The chief of kufr himself has declared this invasion to be a Crusade. And this war persists on every front. Our Lord has already informed us about these kuffaar, saying,

وَلَا يَزَالُونَ يُقَاتِلُونَكُمْ حَتَّىٰ يَرُدُّوكُمْ عَن دِينِكُمْ إِنِ اسْتَبَأُوا

*“Nor will they cease fighting you until they turn you back from your faith if they can.” (Al-Baqarah: 217)*

So O righteous scholars, O seekers of the true religion, O knights who shatter the enemy's ranks! Organize a global Jihad to fight this worldwide apostasy movement that has been forced upon Muslims under American supervision, and expel these American and British *Harbi* (combatant) kuffaar from this region.

We declare war against these usurper Americans and nations of NATO until they cease both their open and concealed wars against the Islamic world. O kuffaar! We will continue to rain fire upon you and your co-conspirators until we humiliate the Crusader nations which insulted the Prophet of Truth (peace be upon him) and defeat you and your American masters.

When a few lion-hearted Muslims retaliated against these abusive nations, Bush told his faithful slaves that they should safeguard the Crusader embassies in Muslim countries.

O thinkers who think with an American mindset! With what justification do you criticize the attacks on these embassies?

Aren't they the dens of conspiracy which are making every effort by way of these apostate rulers to eradicate what remains of Islam in our educational systems and make them completely infidel?

Isn't it the case that military attachés connected to the forces of land, sea and air are present in these planning centers and are preoccupied with the strengthening of their military bases in Muslim lands? Don't they organize special courses, tours and conferences to train the military forces of Muslim countries to stay in harmony with them? Don't generals in the armies of Muslim countries receive bribes through these embassies to make them steadfast in their slavery?

Aren't the political advisors of the kuffaar a part of these embassies and conspire with anti-Islam political parties to use them for the completion of their objectives?

Aren't these embassies using their NGO counterparts to spread moral decadence, women's liberation and nudity and indecency throughout the Ummah? Aren't they killing off our offspring under the cover of family planning?

Aren't these the embassies that provide political asylum to those who insult Islam, abusively use their tongues against Allah and His Messenger (peace be upon him) and apostatize from Islam? Aren't the examples of Taslima Nasreen, Salman Rushdie and the Afghani apostate Abdul Rahman enough to awaken us?

Aren't these embassies complicit along with the apostate leaders in the arrest and assassination of hundreds of Mujahideen of Islam? Weren't these embassies behind the arrests and suspicious killings of the scholars of Islam, influential Muslim intellectuals and sincere leaders who share the grief of Muslims? Mufti Nizamuddin Shamzai, Maulana Yousuf Ludhyanwi, Doctor Jawed Ahmed Khawaja, Mufti Ateeq ur Rahman, Doctor Ghulam Murtaza Malik, Ataullah Saqib, Maulana Abdullah (may Allah have mercy on them all): these are just a few examples. Dozens of other people were killed and many were arrested and are still imprisoned. And many had been abducted and no news of them has been heard since.

Don't these embassies offer trips to Western countries to the scholars, intellectuals and other such people of influence in order for them to observe the "paradise" of Western civilization in its entirety with their own eyes so that they can convince their publics on their return of the eternal superiority of the West and scrape out from their hearts their belief in the supremacy of Islam and their disavowal of kufr?

Aren't these embassies spreading immoralities such as alcohol, drugs, prostitution and homosexuality in Muslim societies, all things which Allah has deemed unlawful?

Isn't it clear how the immoral women of the embassy task force are used to corrupt political leaders and other influential people so that they can be blackmailed and made to serve their causes?

Aren't these the same embassies working to promote Christianity in all Muslim countries? Aren't they responsible for the legal, administrative and financial patronage of the Crusader Christian missionaries so as to make Muslims apostates from Islam and convert them to Christianity? What is more, massive aid comprising billions of dollars is provided by these embassies for the propagation of Qadianism, Ismailism and Judaism. Not only that, the provision of medical and educational facilities and employment and, should there be any threat to their life, safe havens to those who apostatize through these

efforts is planned and funded by these dens of conspiracy.

And isn't it the case that, in spite of all these accursed endeavors, when these plotters' havens are established in Muslim lands, the United Nations' international law affords them immunity as it considers the land on which any embassy sits to belong to its home country and to be a place where they can live according to their infidel laws and civilization? Most regrettably, these laws are implemented even in the holiest places of the Muslim Ummah, as the House of Saud has also accepted the laws of the United Nations as their Shari'ah instead of the Shari'ah of the Prophet Muhammad (peace be upon him).

Hence, these installations are undoubtedly dens of conspiracy and not merely foreign embassies. They are the bases of the kuffaar's military and ideological invasion of our lands.

Allah ordered His Messenger to demolish the Zirar Mosque, whose purpose was causing mischief, promoting infidelity, spreading discord amongst the believers and providing safe havens for plotting to those who wage war against Allah and His Messenger. Have these embassies, built for the very same purposes, become holier than that mosque so that they are given a blank check with which to conspire against Islam and Muslims from the Nile to Kashgar?

These *Harbi* enemies of Islam may vow a thousand times that their intention is nothing but good, but Allah witnesses that they are definitely liars. So demolishing these embassies and blowing them up with explosives is actually the revival of a forgotten Prophetic tradition.

The concept of immunity for embassies and consulates provided for by the international infidel law of the United Nations has no place at all the Islamic law because according to the blessed Shari'ah, kuffaar can only enter the land of Islam as "zimmis" or "mustamins," whereas these so-called envoys not fit into either of the definitions. They do not come here by seeking asylum from Muslims; they come as rulers and occupiers. And even if we supposed that they come here as mustamins, the Shari'ah still does not allow a mustamin to remain in our lands for more than one year. The author of "*Hidaya*" writes, "Should the *Harbi* come to us under a security agreement, he may not reside in our land for more than one year. And the basic rule is the *Harbi* is not to be permitted to permanently reside in our land except through enslavement or by paying *jizyah* (tribute), because he will become a spy against us and cause harm to the Muslim."

According to the international infidel law, the land on which embassies and consulates sit does not remain the property of the host country, but becomes a part of that infidel country itself. Thus, the ambassadors are at full liberty to do what ever they want inside its boundary. Moreover, the ambassador, his vehicle and possessions are legally immune from the law of the host country even outside that area, whereas all scholars of the Ummah have agreed that giving even a hand span of Muslim land to the people of kufr is absolutely Haraam. Moreover, according to the majority of the Islamic jurists, a mustamin is not exempt from the commandments of Shari'ah that are imposed in the land of Islam, but subject to them.

So in reality, the present day concept of ambassadors and embassies is in complete contradiction to the Shari'ah.

And even if we were to accept that these *Harbi* kuffaar are ambassadors who have been

granted asylum, this asylum has been given to them by the international infidel law and apostate rulers and thus is not an asylum granted by Muslims which we are bound to respect. A hadeeth of the Prophet (peace be upon him) tells us that the protection granted by any ordinary Muslim will be considered to be the protection of all of them. But if an apostate infidel gives refuge to a Christian, Jew or polytheist, then Muslims are not at all bound to respect it.

And even if we were to suppose that these ambassadors really were given protection by Muslims, even then this protection is a revocable contract which can be repealed anytime after giving a warning. Thus when the kuffaar attacked us from all sides, the Mujahid leaders of the Jihad, who understand which policies are appropriate and which are not, repeatedly warned them to leave Muslim lands and announced that the ambassadors who come to our territories and the embassies and consulates established in our lands have no asylum, and that they are our permanent military targets; but even so these *Harbi* (combatable) kuffaar sit in our lands like captors. So their lives and properties have indisputably become lawful for Muslims.

The matter is undeniable: these so-called envoys are in fact spies and *Harbi* (combatant) kuffaar who have no refuge. Likewise, these embassies and consulates are not what they are supposed to be, but are breeding grounds of intrigue and conspiracy. So killing these *Harbi* kuffaar who come into our lands and targeting these embassies is a religious obligation and a genuine act of worship.

Imam Sarkhasi (may Allah have mercy on him) says in his book "al-Mabsoot":

Were a Harbi to enter the land of Islam without a security agreement, and was taken by one of the Muslims, he is booty for all Muslims according to Abu Hanifah (may Allah have mercy on him). And the apparent view taken by Abu Yusuf as well as Muhammad (may Allah have mercy on them both) is that he is for the one who took him exclusively. Their argument in that is the hand of the taker touched him first and he is Halal in our land, so whoever touched him first becomes his exclusive owner, like the game, wood and ore which he finds in the land of Islam."

Some people raise the argument that the United States of America is Dar-us-Sulh, or "land of peace," and not "Dar-ul-Harb," or "land of war," so how can militant operations against it be permissible? We wonder that anyone still doubts that America is "Dar-ul-Harb," after all it has done.

It has besieged Iraq for the last sixteen years, slaughtered two million Muslims there and rained millions of tons of explosive and uranium upon it.

It has inflicted attacks upon Sudan and is constantly aiding the Christian rebels there.

It has repeatedly invaded Somalia, and is imposing Crusaders and infidels upon the Muslims there.

Due to the moral support and patronage provided by America, more than a hundred thousand Muslims have been slain by the hands of filthy Hindus in Kashmir.

It was this same America that backed the Russian Crusaders in Chechnya. As a result, two hundred and fifty thousand Muslims were massacred and more than six hundred thousand were left homeless.

It has taken hostage the Muslims of Palestine and the Aqsa Mosque by way of the Jews.

Don't those who pronounce America "Dar-as-Sulh" see the bleeding wounds of Crusader-occupied Afghanistan and East Timor?

Even if we were to accept that America is a state that had some peace treaties with us, it

is a known fact that it has broken all such pacts. These Americans have returned to their original Harbi selves. A single treachery is enough to prove them so: they established their military dominance even in the holy land of the Ka'aba, the peninsula of Mohammed (peace be upon him) and set up bases there. Therefore, making use of all sort of weaponry against them, suppressing their supremacy and dominance, weakening them by all possible means and terrorizing them in every manner is permitted:

وَإِن تَكُنُوا أَيْمَانَهُمْ مِّن بَعْدِ عَهْدِهِمْ وَطَعْنُوا فِي دِينِكُمْ فَقَاتِلُوا أَئِمَّةَ الْكُفْرِ إِنَّهُمْ لَا أَيْمَانَ لَهُمْ لَعَلَّهُمْ يَنْتَهُونَ أَلَا تَقَاتِلُونَ قَوْمًا نُّكِنُوا أَيْمَانَهُمْ وَهَمُّوا بِإِخْرَاجِ الرَّسُولِ وَهُمْ بَدَّوْكُمْ أَوَّلَ مَرَّةٍ أَتُحْسِنُونَ قَالَهُ أَحَقُّ أَنْ تَحْسَبُوهُ إِنْ كُنْتُمْ مُؤْمِنِينَ قَاتِلُوهُمْ يُعَذِّبُهُمُ اللَّهُ بِأَيْدِيكُمْ وَيُخْزِيهِمْ وَيُنْزِلْكُمْ عَلَيْهِمْ وَبَشْفِ صُدُورِ قَوْمٍ مُّؤْمِنِينَ وَدَهَبَ عَیْطُ قُلُوبِهِمْ وَتَوَبُّ اللَّهُ عَلَیْ مَنْ يَشَاءُ وَاللَّهُ عَلِيمٌ حَكِيمٌ

“But if they violate their oaths after their covenant, and attack your faith, fight ye the chiefs of unfaith, for their oaths are nothing to them, that thus they may be restrained. Will ye not fight people who violated their oaths, plotted to expel the Messenger, and attacked you first? Do ye fear them? Nay, it is Allah whom ye should more justly fear, if ye believe! Fight them, and Allah will punish them by your hands, disgrace them, help you [to victory] over them, and heal the breasts of believers, and still the indignation of their hearts. And Allah turns [in mercy] to whom He wills, and Allah is all-Knowing, all-Wise.

)Al-Tauba: 12-15(

Likewise, the rest of the Crusader nations at war with the Muslims are allies of the Crusader Americans in their assault upon the religion, lives, properties and sanctities of Muslims, and bear equal responsibility for all their crimes. The kuffaar of all these countries, including their ambassadors, are *Harbi* (combatant) infidels. Let the chief nations of kufr know that we consider the whole Muslim nation as one, and that an assault on any Muslim locality will be considered as coming from all allied infidel nations. We declare open warfare against America, all the Crusader nations of its NATO pact, and India. Their plotting dens and the conspirators that dwell within are our target. These Harbi nations invade Muslim territories, including Iraq, Palestine, Afghanistan, Kashmir, Somalia, Chechnya, the Arabian Peninsula, and wherever else they feel inclined to do so. Therefore, we too shall attack them all over the world, wherever and whenever we want, with Allah's permission. The ruins of Washington and New York are milestones for us; in the devastation of Madrid and London we take pride; and targeting Tel Aviv, Moscow and Delhi is our legal right.

Therefore, O esteemed Scholars of Islam, Do not allow the ambassadors of the NATO countries and America to enter your mosques. Do not sit with them, should your hearts become like theirs'. By painting your mosques and roofing your madrassas, they want to develop a soft spot in your hearts for the chiefs of kufr. So beware of their evil, and make it clear to the Ummah that expelling these conspirators from Muslim lands is obligatory, and that they have no right to enjoy peace and a safe haven.

O Americans, how can you say that your "innocent" embassies and consulates should not be touched when your missions in Karachi, Islamabad, Uzbekistan and Tehran have strengthened your Crusader occupation of Afghanistan, and your embassies and

consulates in Qatar, Kuwait, Riyadh and Bahrain have provided you with full assistance in your invasion of Iraq?

And by establishing your very first embassy in the surroundings of the Aqsa Mosque instead of Tel Aviv, you virtually declared Jerusalem the capital of Israel.

O Hindus! The only objective of your embassies and consulates in Jalalabad, Kandhar and Kabul is to give a boost to your satanic plots against Islam and Muslims in the region.

O infidels, you lean onto the United Nations for support in carrying out and expanding this modern Crusader incursion, because today, the law of the United Nations dominates the world instead of the law of Allah. Today, good is what this organization states to be good, and evil is what its resolutions declare evil. Today, this organization tells the world who humanity's benefactors are and who its enemies are.

Today, the United Nations is running the democratic system through kufr's Security Council to inflict its Crusader-Zionist evil upon the Muslims. In fact, global kufr established the United Nations Organization merely to democratically justify its infidel actions. And today, its democracy is being propagated as the universal religion of humanity.

The time has come for the Muslim Nation and its leaders to openly declare that they accept only the laws of Allah and reject all infidel resolutions passed in the light of the charter of the United Nations

Pay attention, infidels! Your organizations, your companies, your trade and your ambassadors all over the world will remain our targets as long as our heads rest upon our shoulders. And our Jihad against you will continue until this civilization of kufr is history and a Caliphate based on the Prophetic model has been restored to this earth.

And our final prayer is that all praise is due to Allah, Lord of the Worlds.
