DAILY STAFF MEETING

Wednesday, 22 August 1951

□-----HR70-14

Col. Hansen pointed out that most of the harshly critical comments concerning CIA had been eliminated in Drew Pearson's article which appeared in the Washington Post this morning. He questioned, however, if this were true in the case of newspapers outside of the Washington area since the fees for telegraphs which would have been necessary to change this article in all the newspapers in which Pearson's column is syndicated would have been exorbitant.

Mr. Reber suggested that the Director discuss at the next IAC meeting the current revision of NSC 114. He believed that this is necessary in order to make certain that all of the IAC members completely understand what is required of them for the revision due on 10 September.

Mr. O'Gara reported a rumor that JCS is sending the Magnitude Paper back to NSC with its comments.

Mr. Harvey discussed Col. Baird's proposal for a CIA "Trade Journal". The present plans call for distribution of [redacted] copies of this publication within the Agency [redacted]. [redacted] The publication would bear a classification of SECRET. It is estimated that it would cost [redacted] per annum.
