Colonel Taylor:

a. Noted that a report was being worked up on NSC 130 (Effective Utilization of Civilian Manpower of Non-Soviet Nationals for Work of Value to National Defense) which would be on the Director's desk by noon today. The DCI stated he wished to discuss this matter at the PSB Luncheon.

Mr. Becker:

a. Referred to the FDC report and stated that he believed the type of estimate best suited might be one of "the opinion type" since the report in question, if published, would be adverse to the security of the United States. The Director stated that what he desired was a special estimate outlining the effect of this report if it became public knowledge, particularly pointing out its effect in the Middle East and other areas as indicated.
