2 - Reports:

(a) Operating Statistics - February, 1967: Flying activity for February totalled 19,230 hours or 687 hours per day as compared with a total of 21,979 hours or 709 hours per day reported for January. Flying was down due to the fewer days in February and to the Tet holiday. Preliminary reports show March flying exceeding the record month of January. Total revenue load factor for scheduled operations was 49% for February as compared with 48% for February of 1966. Customer aircraft maintenance was down 5% with 190,000 skilled man-hours reported for February, 1967, as compared with 200,000 for January, 1967. The total skilled man-hours expended in February at the main maintenance base was 495,000. Skilled labor overtime was 18% of regular hours worked in February, 1967 as compared with 22% for January, 1967.

(b) SEA Contract Flying: The Executive Committee reviewed and discussed the Volpar endurance program and other SEA contract flying projects. The Executive Committee also reviewed requirements for and availability of Bell 204B and other helicopters and Porter and Volpar fixed wing aircraft.

(c) Major Damage to Aircraft: Since the last Executive Committee meeting on March 14, 1967 one report of major aircraft damage has been received. Volpar Twin Beech N91284 crashed into a mountain north of Da Nang on March 23, 1967. The pilot and all eight passengers were killed. The passengers included seven U.S. educators in Vietnam

on an AID project and a USAID official.

3 - Revetments at Saigon: The Executive Committee considered and deferred a proposal for constructing revetments at Saigon's Tan Son Nhut Airport. The proposal provides for the division of the overall aircraft parking area into approximately four major areas by the construction of steel reinforced concrete walls eight feet high at a cost of \$72,572.

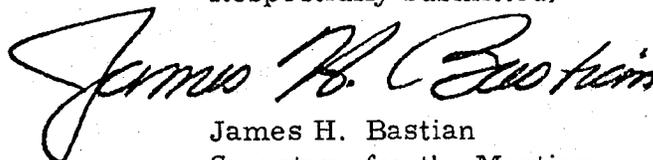

4 - Capital Appropriation Request: The Executive Committee considered and approved appropriation request VPFO-AR-66-197/R1 for \$37,210 to cover B-727C aircraft flight crew training cost incurred in excess of the original \$420,000 appropriated for such training. The Executive Committee also considered and deferred for further information appropriation request PLNG-AR-233 to build or buy a spare Porter aircraft fuselage at a cost of \$26,040.

5 - Banking Facilities: The Executive Committee considered and approved a change of signatories for and the opening of the following accounts:

- (1) AAM Naha Working Fund Account (\$15,000)
in the Bank of America
- (2) AAM Saigon Piasters Depository Account
in the Bank of America

There being no further business to come before the meeting, on motion duly made and seconded, it was adjourned.

Respectfully submitted,

James H. Bastian
Secretary for the Meeting
