MEMORANDUM FOR RECORD

SUBJECT: Project WSBAKERY

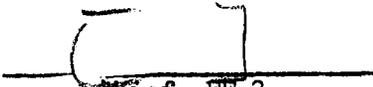

REFERENCE: Project WSBAKERY Outline, TS 61351, dated 18 July 1951

1. On 8 November 1951 Project WSBAKERY was received in FE-3, upon being returned from the CIA Project Review Committee.
2. WSBAKERY was originally conceived in FE-3 as an operational training project, in implementation of the training provisions of Plan FJICICLE. The only specific training sites mentioned in connection with WSBAKERY were those described in a separate memorandum attached to the Project Outline, and dated 11 October 1951.
3. Project WSBAKERY, as approved by DD(P), is to be exploited for "developmental purposes only." To this end, the PRC has made an allocation of \$15,000, known to BD/BF as Project FE-94-WSBAKERY. The PRC stated further that no additional commitments should be made under this project "until final project approval is obtained."
4. The assets of Project WSBAKERY, real and potential, are being transferred to the Far East Branch of the new combined Soviet Division. USSR/FE will be responsible for the management and administration of this project, and for the disbursement and accounting of its finances.
