

## SECRET

DATE 13 May 1955

MEMORANDUM FOR: CHIEF, SR/FI Division.  
 ATTENTION : SR/2 Desk.  
 SUBJECT : Project AECHAMP.  
 REFERENCES : (1) CSI 236-1 (Paragraphs 13 and 14.)  
 (2) CSI 210-6

1. Approval of subject project expires on 30 June 1955, Requests for renewal, extension or termination will be prepared in accordance with reference (1) and should be submitted to Chief, FI/PLANS prior to expiration date.

(If the above project has produced no intelligence and is not intended to do so, disregard the rest of this memorandum.)

2. Effective immediately the use of Project Review Questionnaire (Form 59-149) is eliminated. Instead, the renewal request will include the following data in addition to that required under reference (1) covering the last period of approval (normally 12 months):

- a- Number of positive intelligence reports received.
- b- Number of CE reports received.
- c- Number of reports used in disseminations.
- d- Actual number of disseminations.
- e- Analysis of value (and disposition) of CE and/or operational reports.
- f- Analysis of value (and disposition) of undissemated positive reports.
- g- List, by ID and IG numbers, of requirements served on project, indicating those fulfilled, partially filled or still open.

3. Attention is directed to reference (2) and paragraph 13, b, (2) of reference (1). Audit of the intelligence product is an integral part of the project review procedure. Sufficient lead time must be established for the audit process to function. For this reason, the Division will inform RQM/RE of the CS and CS DB report numbers produced by this project (indicating those evaluated) during the last period of approval on or before the following date:

1 June 1955

(This may be accomplished in single copy by listing the report numbers on the reverse side of duplicate copy attached and routing direct to RQM/RE.)

4. If the desired date on CS and CS DB report numbers is not made available to RQM/RE by the above date, it will not be possible to prepare an intelligence audit to accompany the renewal request. This will deny to Chief/FI, COP or DD/P valuable information upon which to base a judgement of the project and it may result in delay of the renewal while an audit is awaited.
