**MEMORANDUM FOR:** Chief, SR Division

**SUBJECT:** Wartime UW Requirements to Support  
CINCPAC OPLAN 1-63

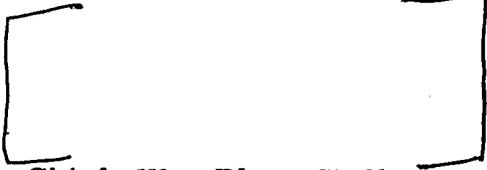

1. Attached are draft Forms 1715 containing CINCPAC UW requirements annotated to indicate CIA capabilities to accept the requirements as of 22 September 1961. Also included is a Summary Sheet which shows the 22 September 1961 requirements vis-a-vis those appearing in the new OPLAN 1-63.

2. As you will note on the Summary Sheet, CINCPAC levied 5 requirements on SR Division in the 1-59 Plan which we reviewed and updated our capabilities in the 22 September 1961 report. The record of our acceptances shows all 5 requirements were accepted in an "A" status. The new Annex (1-63) contains 15 requirements--an increase of 10. All these new requirements levied upon CIA envision a UW area which coincides with a JCS approved safe area where evasion and escape operations will be conducted.

3. It is necessary at this time that we evaluate CINCPAC's requirements and determine our capabilities to fulfill his requirements for CIA wartime support to his military operations.

4. Please review the attached draft Forms 1715 and note in pencil your capabilities to meet each specific requirement. Notify us of your capabilities in order that we may prepare an updated Capabilities Report to the JCS. Any comments you may have regarding the requirements are welcomed.

5. Your cooperation in helping us to furnish CINCPAC, JCS, and SWPPAC a speedy reply will be appreciated.
