SPECIFIC @KOPERA/Ukrainian anthology

DTDORIC

REFERENCE: [ ] 0766

ACTION REQUIRED: Show to Saba

1. The proposed Ukrainian anthology, as outlined in reference and in the 14 January memorandum to Saba, appears to be fine idea and Headquarters warmly seconds Saba's desire to go ahead with it.

2. As we have already informed you, AECASSOWARY/25 is an agent in AERODYNAMIC, thus there should be little trouble in monitoring the anthology project. Under separate cover, we are sending biographical material on him and one of the other editors. We have nothing about the third, but will try to get some data.

3. The AERODYNAMIC C.O. would like to know who initiated the project.

4. As for production matters, we note that a first edition of 2000 copies is planned. The AERODYNAMIC C.O. would like to buy an additional ~~500-1000~~ copies (exact figure to follow later) for his project's use. He believes that the anthology will probably be popular enough to sell 2000 copies among the exile readership alone and would want some definitely set aside for his use.

5. He is very much interested in the plans for getting the anthology into the Ukraine via Poland and would like to know whatever can be found out about this. AERODYNAMIC also has such a channel and he is interested to know if the two channels are identical.
