MEMORANDUM FOR: SR/SS

ATTENTION [ ]

SUBJECT : Safehouse for Project AERODYNAMIC

1. In reference to subject Project, it would be a misnomer to consider the headquarters of Prolog Associates at 875 West End Ave., New York, N.Y., as a safehouse.

2. The apartment rented as an office for Prolog Associates in New York and used as an office by this organization represents a part of the cover arrangement for the activities of the emigre group which we are supporting. Without this cover, the operation of the group would not be feasible or desirable.

3. The responsibility and security of the office rented by Prolog Associates rests completely with the organization itself, and in case any raid would be staged on those premises, no connection with the Agency could be established because they do not carry any classified material, and no connection between the Agency and the group could be established.
