MEMO FOR THE RECORD:

Subject: PROLOG Associates Reply to Proposed AERODYNAMIC Budget Cut

Participants: [J.E. JC]

At an informal meeting, Mr. Alexander gave a brief summary of the PROLOG Associates response to our proposed budget cut of Project AERODYNAMIC. He also presented a written reply and the budget cut by the PROLOG Ass. and their estimate of monetary needs to carry out their program as presently outlined.

[J] studied their reply and suggested that if they remained in such an adamant stand, we might be forced to disband AERODYNAMIC project completely since its productivity is decreasing. He also brought out that DCI policy is tending toward the view that it would be advantageous to get disengaged from emigre activities. He also suggested that a study and evaluation of our support of the AECASSOWARIES is in order.

It was decided that the Ukrainian coordinating officer would make copies of the PROLOG memo, our budget proposal, and the dispatch to the field and submit them with a covering memo to the various components dealing with AECASSOWARIES/ for their information and study. After a reply from the field is received, the representatives of these components will meet and make final decisions on the budget breakdown and discuss problems of personnel disposal both in the US and in Germany.
