Carl:

This is in response to your December 16 request.

1. Donald Miller: As I told you during today's telephone conversation, Donald and George Millers abound in such great numbers (with various and without middle initials) that the task is too burdensome at this time. There is nothing which indicates any of them being involved with the Birch Society. What is your specific interest? If you plan to contact and you can supply a middle initial and other identifying data, I shall undertake the check. Otherwise, it must be left at this point.

2. No information at all on George Drance.

3. There is no listing under Liberty Lobby or the Private Freedom Academy (or U. S. Freedom Academy). They are probably right wing organizations. I'll keep them in mind and forward anything if it becomes available.

Miscellaneous:

Bud' laska - I have a favor to ask. May I please have the original copies on reports you send? However, if the typewriter ribbon is worn and the copy light, please forward the carbon copy if it is darker because if copies have to be made the light lettering does not reproduce legibly and it means retyping. Also, Please have greater margins left on the top and bottom of your reports. This is merely for my convenience for reproducing and filing. Many thanks.

I am mailing you a copy of a directory of union writers which was published in 1964. Let me know if it doesn't reach you in the next few days.
