Accounting for Headquarters Advance

Action: For your information

Ref: OBBA 8253 of 12 Dec 61

1. Attached please find the accounting for [] requested in the reference, which is hereby T/A'd to Headquarters. The agent claims that the style of accounting is the same that he used at Frankfurt and in PEPRIME. Since he will be Headquarters soon, [] trusts that it will not be too cumbersome to straighten out any questions on accounting with him at that time. It is noted that he has included samples of currency exchange rates and that he retains the second half of his air ticket which is still valid. If this accounting were to be worked on further by the single, very busy Finance Officer at this Station, it would not be at Headquarters in time for discussion with the agent.
