In 1932, Subject while serving in the Artillery Regiment of the Lithuanian Army was Purchasing Officer for Fodder. When the time came to account for the money (or present a receipt) he could not locate the Landowner and consequently signed the Landowner's name to a receipt. Subject further stated that this whole matter became the basis of an intrigue created by the wife of his Regiment Commander in 1935 when he was investigated and in 1936 he was sentenced to four years of imprisonment. let them in and after a short time they left the house. Shortly after the second attempt by the Russians to pick him up, Subject and his wife, who was of German nationality, decided to leave Lithuania for Germany. Subject went to a German organization (Kultur Verband) where he registered himself and his wife for repatriation to Germany. he claims that he appeared at the Kultur Verband before a mixed commission consisting of Russian and German representatives.
