REFERENCE(S)

      Transmitted by separate cover attachment are two reports from
[   ] to us, dated 30 November and 4 December 1958, advising us
of the status of his efforts to get AECAMUSO/3's son to the United
States. You will note that the most significant development is that
it now appears that Lucy Werner is going to depart for the States
shortly and before AECAMUSO/3's son's visa will be available. This
will mean that the Jugendamt will appoint an interim guardian for the
child until the necessary paper work is completed to enable him to
go to the States. At one time, as you remember, we thought we should
intervene and influence the designation of such a guardian, but at
this time, when the entire problem is being rather well handled on
an overt basis, it seems to me the best thing we can do is leave it
alone. When an interim guardian is appointed, [   ] can contact
him and advise him that until the child departs for the States that
his U. S. client will make available DM 250 per month for the child's
support.
