Legalizing Camise's Change of Name

1. You are familiar with the circumstances under which Camise acquired her present name, and the obvious necessity for legalizing it through official action.

2. Camise had attempted to do this on her own, but her efforts have hit the following snag: legalizing of name is a Land rather than Federal matter. Since Camise is registered officially neither in Hesse nor in North Rhine Westphalia, both the Frankfurt and the Bonn police are reluctant to process her application. A further complication is due to the fact that Camise is anxious that we assist her in the filling out of the questionnaire. However, the police insist that the questionnaire be filled out under oath right then and there, and they are not prepared to give her a blank form to take home as she requested.

3. I would appreciate it if you would get a blank form from [] Camise would fill it out and then go to Berlin, if necessary, for a personal appearance. In any case, the matter is not nearly as simple as it would be in the U. S. and [] discreet assistance might be necessary to accomplish it at all.
