<b>DISPATCH</b>		SECRET	2001-14963
TO INFO	Chief of Base, Bonn; Chief Munich Liaison Base Chiefs, EE, FOB and BOB	HEADQUARTERS FILE NO. [ ] [ ]	
FROM	Chief of Station, Germany	DATE	14 July 1961
SUBJECT	BEDOZ/ [ ] Operational Agents, Co-opted Workers and Operational Leads of Section 6, Department 1, UB	RE-437-CHECK "T" ONE	
		MARKED FOR INDEXING	
		XX NO INDEXING REQUIRED	
ACTION REQUIRED	Passage of Attachment 3 to CAVATA and UPHILL pending FOB and BOB concurrence	INDEXING CAN BE JUDGED BY QUALIFIED HQ DESK ONLY	

ECOW-2213, 24 April 1961 (not to Bonn)  
FRAN 8812, 27 January 1961 (not to FOB and BOB)

1. Under cover of reference Headquarters forwarded a consolidated list of Subject persons, together with summaries of trace information in their files. COS/G has been engaged since receipt of reference in running Station traces, analyzing and sifting all the information now available to us, and summarizing the status of the leads and the action that has been taken thus far by KUBARK.

2. Forwarded herewith (Attachment A.) for Bonn and MIB files and future reference is a copy of the list compiled at Headquarters. We are also attaching (Attachment B.) a COS/G listing of the same names. This list reflects the current status of action taken on the leads. Many of them, you will note, have now been made available to Liaison. Those still outstanding are of operational interest to KUBARK or are those which will not be passed until we have more information.

3. Since all [ ] information is not yet available on some of these persons and as Headquarters or COS has not yet been able to process all KUBARK information, you will be receiving the information on the leads still outstanding in a series of dispatches from Washington or Frankfurt as the case may be. Attachment C. is a sterilized summary of the limited information on several of the names. It may be passed to Liaison pending the concurrence of FOB and BOB. Bonn may advise CAVATA that the limited information is being given them now in order to give them an opportunity to establish any priorities, and that the information on these and previous leads has been passed to UPHILL for their information. UPHILL, of course, should be told that the leads have been given to CAVATA for action, where warranted. [ ] will be debriefed in more detail about these persons, as we learn of particular Liaison interest. Headquarters informs us that complete debriefings on some of these persons may not be available for several months.

4. FOB and BOB: Please advise Bonn and Munich whether you concur in passing all of the names in Attachment C. to Liaison.
