1. Reference is made to Paragraph 2, Minute 1, which states that orders being issued for travel to Rome and Athens now require that civilian clothes be worn and that the individual have a passport in his possession.

2. Investigation with Captain Rupp, Travel Clearance Section, Adjutant General Division, this Headquarters, reveals that referenced statement is not correct. For travel to Italy an American officer needs an Italian visa on his orders and an AGO card. Civilian clothes need not be worn. In travelling to Greece, if MATS aircraft is used, a visa is not needed on the orders. If other means of transportation is used, a visa on the orders is necessary and an AGO card is the only other identification necessary. Again, civilian clothes need not be worn.

3. In view of the above information, no further action will be taken on the request contained in Minute 1 that this office secure an American passport for Mr. MAIR.
