TO : Chief, Foreign Division, II

DATE: 15 October 1951

FROM : Chief of Station, Karlsruhe *4/22*

SUBJECT: GENERAL - Operational

~~SECRET~~ - BVI (SCHAEFER Organization)

1. Transmitted herewith for your information and record are brief personal descriptions of the members of BVI, Dr. SCHAEFER's branch of EVA which was retained when the latter organization was dissolved and is now directly subordinate to STIPER's CI/SS shop. Also attached is a chart showing the organization of BVI. True identities of the members of BVI are being forwarded in MEL-A-8577.

2. The primary mission of BVI is to secure the lines of STIPER strategic operations running through Austria. This is accomplished principally through "Waldkapelle" functions such as routine investigations of personalities, checking of addresses and surveillance missions together with connections to police and "Heideamt" officials. It will be noted from the attached chart that plans call for the recruitment of additional personnel for the "Waldkapelle" if and when suitable persons for these functions can be found.

3. In addition BVI also has some rather low-level CI sources most of them in the UV of V-5300. According to some reports which we have received the latter is somewhat of an intelligence peddler; we intend to maintain as close a check on his activities and connections as existing facilities permit. His sources are, for the most part, low paid and their reporting is used only operationally by STIPER, none of it being disseminated.

4. STIPER has promised to supply us with similar data on all new personnel recruited by BVI.
