SUBJECT: Personnel Memorandum No. 272

TO: Chief, PERIGHT

1. Upon information received from [] it is understood that subject was originally proposed as a candidate for ZERLOPE and that the necessary papers for a security clearance were forwarded to BGRITHM with a request for operational clearance. Action on subject's clearance was, however, halted upon notice that subject was no longer being considered for this position.

2. Subject, upon the recommendation of subject Personnel Memorandum, is now being proposed by [] for the position of instructor and chief of the JERARRE group within the ICPHNL Apparat. Subject has had extensive experience during World War II with the SOGIDER-BGHIVES organization in establishing and controlling a group similar to that contemplated in subject's proposed assignment; he is therefore considered to be well-qualified for the position. Subject will remain in his present position as public accountant and economist, so that no cover problem will be present when subject undertakes his proposed tasks. Subject will be in direct touch with [] and under the latter's immediate supervision.

3. Owing to subject's proposed crucial position, it is therefore requested that action on subject's operational clearance be reactivated as quickly as possible and that notice of the clearance be transmitted to this office together with the pertinent security papers on subject.
