1. With reference to your request for clarification per Reference B of the point about the LCFLUTTER recommendations, Headquarters is compelled to request an LCFLUTTER in cases where the biographic information on the original submission (often a very short cable) is inadequate to conduct a meaningful investigation and run a meaningful National Agency Name Check for the issuance of a POA. We refer you to paragraph 2 A of Reference A.

2. In the case of the Subject of \_\_\_\_\_ we recognize that you submitted the completed PRQ Part I on this individual well within the six months grace period prescribed in CSI F 10-5. It would have been better all round if the PRQ had been submitted with the original request, preferably by pouch, as suggested in paragraph 3 of reference A. If it is at all feasible to handle future cases this way, recommendations for LCFLUTTER for lack of sufficient biographics can be held to a minimum.
