Correspondence on and about CARBOHYDRATE

1. Pursuant to your conversation with [] during your recent visit here concerning CARBOHYDRATE, I have prepared copies for your information of the BOB-CADWAIN Memoranda which have been written on Subject. However, it must be kept in mind that much of the coordination concerning CARBOHYDRATE and his work in CADWAIN is done orally between the CADWAIN case officer and ME. Some of the more salient features of CARBOHYDRATE's tasks in CADWAIN are contained in EOBA-7967, 3533, 0426, and 5995.

2. In the future I will attempt to commit as much as possible to paper and for your information you will get a copy of all BOB-CADWAIN memoranda which I write.
