MEMORANDUM FOR: Deputy Director of Central Intelligence

SUBJECT: Letter to Lt. Gen. Joseph F. Carroll

1. The attached letter to Lt. Gen. Joseph F. Carroll, Director, DIA, was prepared by the FE Division, for your signature, in reply to General Carroll's letter of 3 July 1965. In that letter, General Carroll proposed a joint message to various field elements concerning the Roadwatcher Program in Laos.

2. The proposed reply merely confirms the action taken: agreement with General Carroll's draft with two minor additions which were coordinated with the DIA, and transmittal of the joint message on 7 July 1965.

3. The message in question is an effort by the FE Division to place on Headquarters, rather than on our field stations, the burden of paper exercises with DIA regarding roadwatch intelligence priorities, broad planning to fill in reporting gaps, and the like. Field requirements on existing assets will be levied by subordinate commands such as CINCPAC and COMUSMACV.
