

Executive Registry
65-4456

Deputy Director for Support

Director of Finance

The documentation for the attached voucher for ops entertainment seems very skimpy indeed. It seems to me that our documentation should be much more complete than is attached here. If you agree, please draft for my signature an appropriate memorandum to the DD/I telling him wherein this voucher is deficient, what he should do to make this one acceptable, and how he should prepare them in the future.
