STAT

[redacted] I have just been philosophizing with [redacted] about whether our clipping service should be continued for officers other than the Director, Deputy Director, and Executive Director.

I think that this service is well worth questioning, especially in the light of our cost reduction program and goal. However, I do not wish to discontinue it precipitously and without first finding out from the other recipients how much value and importance they attach to it. I should therefore appreciate your continuing this service during Jack's absence and until we have had a chance to examine it in an orderly way.
