

THE WHITE HOUSE  
WASHINGTON

ILLEGIB

August 29, 1960

Dear Allen:

Jack Anderson handles the House; hence, the memorandum to him with enclosures.

Something should be done about this for two reasons, the first of which is yours and the second, because the voters are entitled to the truth, or at least to have their minds disabused.

Will you call me.

Sincerely yours,

A handwritten signature in cursive script, appearing to read "DK" or similar initials.

David W. Kendall  
Special Counsel to the President

The Honorable Allen W. Dulles  
Director  
Central Intelligence Agency
