4. Cord Meyer reports that Alexis Johnson has agreed to speak at the West European Advisory Committee (WEAC) at Brussels next week.

✓

The WEAC was established in 1959 to help the Free Europe Committee. It is made up of 13 political and intellectual leaders from 9 West European nations and advises the FEC on European aspects of East-West problems.

5. I have a memo from Security which tells you that three candidates for pilots in our U-2 program have been approved by the usual special panel which evaluates all available medical, psychological and security info concerning the candidates. Going back to the days of General Cabell, Security was required to inform the DDCI of all such pilot hirings. Do you want to continue this practise or is it OK for Security and DD/S&T to handle the matter between themselves.?
