MEMORANDUM FOR: Deputy Director, Intelligence

1. Yesterday afternoon the Director issued instructions which placed the Congo in the highest priority (along with several other geographical areas you are familiar with) for maximum intelligence reporting, up-to-date current analysis of the situation, and whatever special estimates may be required as circumstances indicate. He desires that the senior policymakers of the Government be kept currently and fully advised of the situation by our normal reporting procedures as well as any extraordinary means required, such as the personal notes system we also use.
2. Please develop a daily Check List on the Congo similar to our Cuban and South Vietnam Check Lists for me in addition.
3. Please keep me advised at all times of significant developments, and be sure that I am fully informed of the intelligence reporting you are doing, as well as the special estimates you may develop.

Marshall S. Carter
Lieutenant General, USA
Acting Director
