

22 July 1965

**MEMORANDUM FOR THE RECORD**

Morning Meeting of 22 July 1965

There was a discussion of the current SNIE on Vietnam. Kent noted that DIA desires to expand the text to take account of reaction to interdiction of key supply routes in NVN. It was agreed that when the preparation of the SNIE is complete, including dissents, the procedure will be to clear the SNIE by phone as there will be no USIB meeting.

DDI tabled a weekly  report on trends and highlights of Communist statements on Vietnam.

DDI noted publication of a memo, previously requested by DCI, recapping French experience in Indochina in comparison with the current situation there.

DDI also noted publication of an Agency study on the ChiCom aircraft industry which is on the verge of production of jet fighters and bombers.

DDS referred to a BOB circular and a Public Law concerning health programs in Government agencies. Ours is a highly advanced program and serves as a model for other civilian agencies.

There was a discussion of the Vietnam situation. DCI referred to the need to develop plans, not only for South Vietnam but Southeast Asia as a whole, to improve intelligence collection and other operations. deSilva is at work on aspects of this. It was pointed out that the DDP has already outlined such a plan in conjunction with the need for supplemental funds and people in SEA, and the DCI will be briefed on this this morning. DCI wants to be in a position to recommend to the President and Ambassador Lodge, and our planning is not to be inhibited by the prerogatives of other U.S. agencies.

Houston sought and got approval to update Senators Anderson, Smith, and Symington of the Senate Space Committee and will arrange an appropriate briefing. Houston noted completion of the memorandum for the record on

DCI noted that the current economy drive and budget exercises are very real. He suggested that our budget work and planning should be undertaken by all hands as though there were no money and no programming and a fresh start be made to develop absolutely essential programs, all of which will need to be thoroughly justified.

**ACTIONS**

1. DCI asked DDI to prepare a brief paper as soon as possible highlighting the value of U. S. interdiction of supply lines North of Hanoi (including maritime supply operations) as compared with the greater difficulties of interdicting the supplies after they have reached Hanoi and begun movement to the South.

2. DCI asked Houston to do all possible to ensure that Senators Fulbright and Morse have read the CIA memo on the history of Communism in the DR.
