16 November 1966

MEMORANDUM FOR THE RECORD

Morning Meeting of 16 November 1966

DD/I briefed the Director on actions in train as a result of Gene Rostow's request for analysis of a Moscow Embassy cable.

DD/I reported that, in following up on the Director's request at yesterday's Morning Meeting, he had ascertained that the State Department's estimate of Chinese in North Vietnam is no higher than 40,000. DD/I and Carver both agreed that the 100,000 figure originated with an AFP correspondent.

Godfrey reviewed all source indications of the next Chinese nuclear test. A discussion on the scheduling of photographic satellites ensued.

Godfrey noted that serious fighting began again in Tay Ninh Province after 0430 this morning.

Kent discussed [redacted] visit to Headquarters yesterday.

25X1

[redacted] reported that the first draft of an NSAM on civilian-controlled satellites is in hand and that he will discuss certain necessary changes with D/NRO.

25X1

Sheldon asked the Director whether the Arab-Israeli situation should be included in the Watch Report. The Director replied affirmatively. DDCI said he personally feels that the attack on Jordan could change the whole context of the Arab-Israeli conflict and that the future of the Husayn government might well depend on the U. S.

ADD/S reported on two student demonstrations, one at Columbia University and a second at the University of Missouri, in connection with visits by Agency recruiters. The Director said to continue recruiting activities as scheduled.

Carver mentioned that Colonel C. W. Clark, Jr., is the DOD representative accompanying George Allen to Saigon.

Warner reminded that Senator Saltonstall will be at Headquarters for lunch today. He reported that he discussed with Senator Young the subject of visits to CIA installations during his upcoming trip and that he spoke with Representatives Culver and Hamilton about Agency briefings in connection with their scheduled visit to the USSR. He said he has made arrangements with Congressman Teague for a space briefing. (See Action 1)

Bross discussed the agenda for the 30 November PFIAB meeting. The Director said that the DDCI should attend and that, in addition to items now scheduled, Bross should brief on the "twenty questions" and any other pertinent developments since the last meeting. DD/P, Bross, and Godfrey discussed yesterday's session with PFIAB.

A-DD/S&T reminded that the Space Panel is meeting today; the Director noted that he plans to visit the Panel, and the DDCI said that he will host their luncheon.

25X1

DD/P reported that he, [redacted] A-DD/S&T, and [redacted] have agreed that [redacted] should be informed officially of the new DOD [redacted] in two months. The Director noted that this plan will depend on Secretary Rusk's position.

25X1

DD/P called attention to a press statement by the new Director for Remote Areas Conflict in ARPA on the future course of the war in Vietnam.

DDCI mentioned that he will have lunch with [redacted] Friday.

25X1

The Director called attention to a State Department cable from Bamako and said that he is disposed to ask the Department to follow up on this matter rather than drop it.

ACTION:

25X1

1. The Director asked Warner to give some thought to the instructions to be cabled to Station Chiefs in connection with [redacted] trip.
