

17 October 1966

MEMORANDUM FOR THE RECORD

Morning Meeting of 17 October 1966

DD/I said that the weekly report by Task Force [redacted] was negative. He noted that Bruce Clarke will give McCloy a ten- to fifteen-minute current intelligence briefing each morning.

25X1

Kent reported that Gene Rostow had indicated that NATO is first on his list of responsibilities and had expressed an interest in a briefing at Headquarters. (See Action 1)

DD/S mentioned a possible security problem in [redacted] He explained action taken to ease a local communications problem in [redacted] in connection with the Presidential trip. The Director said that we will wait until asked to prepare a security Estimate on South Vietnam.

25X1

Warner noted that Russ Blandford was one of the five recipients of the Rockefeller Public Service Award, and the Director said that he would be pleased to sign a letter of congratulations.

Warner mentioned that Congressman Price had appreciated his briefing on Friday and had asked for a return briefing on transport aircraft. He said that he would take care of a request from Congressman Chamberlain for information on free world shipping to North Vietnam with an oral, sanitized report.

DD/I said that Assistant Secretary of State Leddy had also received the Rockefeller Award.

Parrott reported that Pat Coyne had said that PFIAB was impressed with the last round of substantive briefings, particularly the one on [redacted] and that General Taylor has asked [redacted] follow-up on 31 October outlining the Community's resources in this country. The Director indicated that [redacted] would be the logical briefer.

25X1

A-DD/S&T reported that he spoke with Walt Rostow this morning on [redacted] and that the matter is in hand. He said that, notwithstanding press speculation on a Soviet space spectacular in connection with a meeting of Eastern European leaders in the USSR this Thursday, intelligence does not show that the preparations necessary for such an event are under way. He thought that a reconnaissance satellite or a routine space shot is more likely.

25X1

ADD/P noted a report concerning information from a [redacted] press attache on confusion [redacted] DD/I noted an opposite viewpoint expressed recently by the [redacted]
