Houston referred to last week's briefings of Senators Ted Kennedy and Tydings and other Congressmen. What these Congressmen want is a series of country briefings by CIA analysts prior to their forthcoming trip to the Far East. DCI's guidance to Houston was that the fact of all such briefings should be made known to Senators Stennis and Russell.

At DCI inquiry, Houston explained that we continue to offer to meet with our Congressional subcommittees but there are no specific dates yet set.

Bross reported that a package of memoranda is on its way to DCI outlining follow-up actions to be taken as regards the Combined Cryptologic Program.

DD/S&T reported the successful recovery of the second bucket of the latest CORONA mission. [redacted]

DD/P gave to DCI detailed plans for keeping detailed information on Latin American Communists and leftists.

Executive Director reported that the annual recruitment campaign in connection with the 100 Universities Program gets under way this week. Some sixty U. S. colleges and universities will be visited in the next four weeks by twelve teams. DD/P said he thought it would be helpful if these teams were provided with background information for offensive and defensive use covering charges made in The Invisible Government and the work done by the Soviets in the disinformation field.

DDCI reported that he and Wheelon will not be able to meet with Bundy until Friday. DDCI also reported that Mrs. Abell of the White House staff requested and got assignment of another OCI calligrapher last week.

DCI noted that Secretary Nitze was pleased to receive the recent CIA study dealing with cruise missiles. For the future, DCI reminded of the desirability of making special disseminations of such memoranda to Government officials who have special concerns.

The DCI noted the annual report to the PFIAB on work accomplished by the Agency. He said he had reservations about including so much sensitive information in one report. DDCI and Bross concurred with this concern and DCI said he would take the matter up with Clark Clifford.
