Director's Meeting

Monday, 9 July 1951

The Director questioned whether the FBI were coming through with sufficient information for transmission to [redacted] Mr. Dulles will have [redacted] look into this.

25X1

The Director suggested that Mr. Dulles get the full text of Togliatti's views on the recent Italian elections (believed this was published in today's papers). [redacted] to check.

Mr. Jackson asked whether he should go to the CIC convention in Cleveland on August 4. The Director stated that we would not have to be represented and that Mr. Jackson need not go.

Mr. Dulles reported on a conversation with [redacted] of the Crusade for Freedom. There is some doubt as to whether Adm. Nimitz is a good prospect for chairman. Mr. Stassen's name was suggested and DCI, Mr. Jackson and Mr. Dulles all thought that he would be an excellent choice if he would accept it and if his nomination were acceptable to the President. DCI will consult Adm. Souers. Mr. Paul Hoffman is also a prospect.

Director's Meeting Com'd.
Monday, 9 July 1951

25X1

25X1 Mr.  reported on the different views in the Standing Committee of ICIS on Export of Technical and Scientific Data. As Park Armstrong is preparing a briefing memorandum for Secretary Acheson, this whole question may come up at the NSC, the proposal being to reverse the stand of the Commerce Department and allow a fairly free flow of non-classified material.
